Located east of Junction 6 of the M62, the development sites form part of the Halsnead Garden Village Sustainable Urban Extension (HSUE) which represents part of the wider vision for the Halsnead Garden Village and is allocated for employment uses and a Country Park.

Planning applications for the respective masterplans will be prepared by Tritax Symmetry and the Land Trust and submitted to Knowsley Metropolitan Borough Council this summer, following public consultation.

A new pedestrian and cycle route will run along the route of the abandoned mineral railway line, facilitating safe access for all and connecting the towns and villages to the north and south of the M62 to the new Country Park.
